

THOUGHTFUL GESTURES with Yves Leterme

THE SHORT SUPPLY LIST

1. Speedball nibs C2 and C3 (in perfect shape!)
2. Black non-waterproof ink; Pelican, Waterman, Parker, Higgins, Noodler, Sumi... anything goes, except Winsor and Newton ink.
3. White paper A3 size; layout paper and/or Canson croquis sketch paper are fine, but plain printing paper is equally fine – as long as the ink doesn't bleed. Make sure the paper is transparent enough, as you want to see the guidelines through it.

Add Harvest's email address to your contacts book to help the class emails get past individual spam filters. The correct email address to use is harvest@acornartsclasses.org Sometimes an internet provider will stop a class email before it even gets to your spam folder. Taking this step helps to prevent this. It matters. Really, it does. Why not do them now before you forget?
